

Auschwitz 12 20 1999

May man keep a watchful eye  
that these crimes against humanity  
will never reoccur again.

The executioners in the extermination camps and labor camps of sadism and sodomy eliminate in first priority advocates of publication and prosecution of the crimes of clandestine high tech terror to prevent the formation of any organization advocating establishment of public, reliable safeguards against the misuses of modern bio-technologies.

Several larger parties, security services, private organizations and defence leagues, having escalated the investigation into the security agencies of the Western Atomic Powers and NATO, of Russia, Japan, Germany, Israel, Saudi Arabia and of larger Third World Countries into a global dirty war, today operate the largest system of labor camps in the whole world.

They operate the most heinous extermination camps in the history of mankind, executioners sodomizing to death thousands of people a year.

They operate medical dissection camps, hit teams conducting field testing of new classes of toxins on tens of thousands of people a year.

They operate the largest labor camps of sadism and sodomy worldwide, executioners mass drugging tens of millions of people a year.

They operate the largest labor camps of behavior manipulation and enslavement worldwide, hit teams mass drugging tens of thousands of people a year.

They operate the largest labor camps of deception and perfidy worldwide, recording in total information control tens of billions of videos, faxes, conversations, brain wave patterns and genetic fingerprints a day.

Propagating the total lie, in the name of humanity they suppress the publication of the unleashing of multiple, uncontrolled dangers of the extinction of mankind.

Those responsible to publicize these crimes, the destruction of all human standards, the integrity of truth and the integrity of life, the spiritual, political and civic leaders in the sciences and industry and the independent defence leagues, tyrants of depravity, do not know God nor do they seek the beggar, operate extermination chambers as a social sport and release their people into state prostitution. Their executioners, fornication their sole purpose, eliminate advocates of publication of these crimes under the perversity label of emergency medical care for the victims with anonymously shot in poison pellets.

They commit these crimes in blasphemy of truth, in blasphemy of reason, in blasphemy of maturity and in blasphemy of ethics. Having fallen in their moral level to a depth as never before in the history of mankind, they aim at the ever escalation of these crimes against mankind to shoot into gigantic proportions: suffocation of all democratic constitutions and civilization worldwide in the suds of prostitution, stirring up of hate to incite any bestiality conceivable, in image fascism life style illusions to become the only social frame, gene pool contaminations to spread epidemically, clandestine high tech terror to remain as only political leverage, teens at the street-corner to stick their dicks into the skulls of people, who got gassed at Auschwitz, to speedjerk off presidentially.

Their cynicism is without end.

The executioners in the extermination camps and labor camps of sadism and sodomy of the independent defence leagues operate on orders of anonymous schreibtschtäter from within a high tech power center, controlling a global satellite communication and surveillance system, a toxic drug research lab, a poison pellet production line, high capacity data processing equipment, a global network of undercover hit teams.

They see the tasks of the SS nerve gas operators at Auschwitz–Birkenau as a dream job, wearing a gas mask to place Cyclon B pellets on a hot brick into the shaft system leading to the gas chambers. Today they use less nerve gas, as on orders from B. Netanjahu and E. Barak to Mossad, because of the gassing of millions of Jews in Nazi gas chambers, but employ more private poison pellet systems to eliminate their targets. The executioners sodomize their targets to death creepingly and by full consciousness. Employing bio-technological designer drugs, they draw mainly on plundered stockpiles from bio-chemical research labs and production lines of the security agencies of the Western Atomic Powers and NATO, Russia, Japan, Germany, Israel.

The toxins developed aim at four levels of incision: demise of the organism through disablement of a vital organ or function; inducement of a disease, a graded impairment of a local, physiological function; change in the level of a specific physiological or neurological capacity; altered growth and differentiation of a physiological or neurological capacity, mainly to pre-determine the psychological profile.

They have often been synthesized in special projects like 'performance enhancers', 'sodomy drugs', 'genital tumors', 'social and economic behavior manipulation', 'fixed images', 'language blackout', 'total personality collapse', 'joy of death', 'blasphemy of the Holy Spirit'. The toxins are applied via depot poison pellets, exceeding in dehumanizing bestiality Nazi nerve gas operations in respect to manageability, efficiency, secrecy, torture methods. They are administered in small dosages into the bloodstream, mostly activated by neurological process recognition or when the toxin level in the blood falls below a preset value. The victims' character are debased in their political and ethical convictions by CIA sodomy drugs, their mental and physical strengths are destroyed by partly paralyzing the central and peripheral nervous systems, their emotional lives are submerged in psychological terror by periodic toxin release, not to allow relaxation. Often toxin effects are screened by mind manipulating stabilizers, faking a state of normal perception. Single facets of personality are torn into various perverse directions. In all the targets' identity, character, development, mental and physical strengths are crippled, not mutated, but stripped to break down. The targets are blocked in their professional work, on the social level isolated, disenfranchised, welfare and family safety nets are ripped. When completely exhausted, they are to die on the streets.

The schreibtschtäter and their executioners conduct a global dirty war against the personnel of competing security agencies and equally within their own countries against their own populations, for example in Germany they operate a hit team in every town with more than 30000 inhabitants. Committing every excess of bestiality, depravity and technology afford, they physically fornicate on the Bible, they gas the letters of the admonition 'Never Again', they physically fornicate and take a shit on the cemeteries of former Nazi concentration camps, where they operate poison pellet extermination chambers as a social sport. Likewise they sodomize their own organizations' female workers and colleagues, sodomize members of their own families in pre- and succeeding generations and trade CIA sodomy drugs, bundling a range of perversity effects, dragee packaged, among themselves for private use.

The waning to mankind, the genocide in Nazi concentration camps, human depravity in inversion of mind and hate of other people will lead to the extinction of all mankind, is being disregarded.
