

Chelmno upon Ner 10 29 1997

May man keep a watchful eye  
that these crimes against humanity  
will never reoccur again.

These crimes, the worst in the history of mankind, are being revived in their beginnings by the CIA, BND, FSB (KGB), the leaders of the Governments of the US and Russia, the leaders of the US Military, the leaders of the Governments of France, Great Britain (at least until recently), Germany and some of US and German Industry, the President of South Africa and the Jewish People and equally about all the major parties, who claim to clean up these crimes, like the leaders of the Governments of India and some Arabic Countries, among them Saudi Arabia.

They operate labor camps of sadism and sodomy, mass drugging hundreds of thousands of people a year.

They operate CIA gas chambers, spraying tens of thousands of people a year with concentrated nerve gas and industrial toxic gases.

They operate labor camps of deception and perfidy, intercepting in excess of one billion conversations a day.

Who loves his fellowmen in respect of basic humanity also loves all mankind, which allows to postulate the unity of mankind as a universal principle. It constitutes a higher value than those established by a group of people, an ideology of a sociological class or the unity within a community of faith. When a society is confronted with a case of criminal spiritual or criminal intellectual corruption, our human responsibility denies to exclude any part of a population from the other, but demands to demonstrate the benefits of universal human rights, which for example yield as a merit reconciliation, peace, a worthy name to any enterprise. It is alone for the sake of social order that gross violations are physically arrested.

The first step of justice requires the crimes of the CIA, BND, etc..., the destruction of the integrity of truth and the integrity of life and of all human standards, to be publicized to initiate a comprehensive investigation, to uproot them wherever they are, to prosecute the offenders and to establish worldwide, reliable safeguards. However, about all the major parties, who claim to clean up these crimes, escalate the investigation into these crimes into a dirty war of global dimensions against the personnel of these agencies, especially a nerve gas war against the BND on German soil and extend it into all areas of political, economic, scientific and cultural life to gain predominance in all available tools of clandestine high tech terror. They finance large scale research programs in goal and method of human depravity. New drugs are being developed in the intent of specific dysfunction of the human body, applying advanced bio-technologies, having created new, devastating dangers to human health.

The warning to mankind, the genocide in Nazi extermination camps, human depravity in inversion of mind and hate of other people will lead to the extinction of all mankind, is being disregarded.

Faith, conviction and Spirit of Man are being defended through fornication.

Justice has been reduced to a prostitute.

Government agencies like the CIA, BND, FSB (KGB) or Mossad, whose policies of arbitrary assassinations are publicly known, are not being shut down. The Offices of the District Attorney and Parliamentary Oversight Committees around the world suppress evidence of illegal listening and video devices and the targets' legal evidence, according to German Law (StGB) High Treason (§1,1,1 §2,2,2), Murder (§211), Poisoning (§§229, 319, 330a) and Confidentiality of the Spoken Word (§201,2,1). Government agencies in cooperation with oversight agencies over the medical field forcibly cover up the targets' medical evidence through falsification of death certificates, false diagnoses and failure to render any medical aid. See the decision of the European Commission of Human Rights Application 33445/96 from 11 28 96.

The press, reflecting hear-say and not promoting formation of well founded public opinions with report of facts, analyses and options, with only singular exceptions, does not exercise its fourth power watch dog functions. It applies to reality standards of illusion, entertainment, sensation, gloss and superficiality. It will not tear a crack into the welfare image of government institutions, public prosecution and the medical field. Not one of the press organs worldwide has exposed the fatal consequences of CIA, BND, etc... human rights violations, but expound the political leaders in their depraved political ambitions.

No information campaign is being conducted about the tools of clandestine high tech terror and their devastating dangers to human health. No justice is possible without a public, comprehensive inquiry. No real, decisive action, no legal measure to correct gross misdevelopments and to eliminate these weapons in the future is being taken, no escape from oppression in depravity is left, - but in consequence to force despair, hate of the perpetrators' culture, institutions and representatives and to incite counter terrorism on a gigantic scale.

Peace has been reduced to a prostitute.

The CIA, BND, etc... and equally about all the major parties, who claim to clean up these crimes, pick people at random from the street corner to pass them from labor camp of deception and perfidy to labor camp of deception and perfidy, from CIA gas chamber to CIA gas chamber, from labor camp of sadism and sodomy to labor camp of sadism and sodomy and from extermination chamber to extermination chamber.

In most cases the targets' intellectual lives, their professional and social careers, are blocked down by toxic drugs and nerve gases, largely paralyzing the central nervous system, their character in convictions and confidence are debased by CIA sodomy drugs and then their bodies pumped up with toxins in all vital organs are left as vegetable winding in annihilation.

They commit any excess of depravity conceivable:

They operate CIA gas chambers at the sites of former Nazi concentration camps.

They operate and cover up the operation of CIA gas chambers on the anniversary of the birth day of Adolf Hitler.

They physically gas the letters of the admonition 'Never Again'.

They conduct and cover up the field testing of experimental, lethal drugs on the dying in intensive care wards and nursing homes.

They combine CIA sodomy drugs as a prelude with a lethal dosage of a heart drug.

They sodomize Heads of State.

People stirred up and crippled on this level of hate are driven to commit any crime, including the unleashing of the multiple, uncontrolled dangers of the extinction of mankind.

The bastards of bestiality will dig earth's grave.
